

**PARENT/GUARDIAN PERMISSION FORM
GOVERNOR'S SCHOOL OF ENGINEERING AND TECHNOLOGY
JUNE 29 - JULY 19, 2008**

I give my daughter/son permission to participate in the 2008 New Jersey Governor's School of Engineering and Technology. She/he will participate in hands-on engineering and technology activities, which may include working in scientific laboratories or using power tools and other machinery. At all times, appropriate safety precautions will be taken, and the students' work will be supervised by an adult. She/he will also participate in recreational activities such as athletics, which will also be supervised by an adult. I understand that my daughter/son will travel with the Governor's School on trips both on and off campus in vehicles driven by members of the Governor's School staff or by professional bus drivers. My daughter/son will be chaperoned at all times by members of the Governor's School staff, and proper safety procedures will be enforced.

I also give my permission for the Governor's School to record (photo/video/audio) program events and activities and to use these images and recordings to promote the Governor's School in venues that are consistent with the Governor's School mission.

In consideration of my permitting my daughter/son to participate in the full spectrum of Governor's School activities, I agree to indemnify and hold harmless the Governor's School, Rutgers University, their officers, their agents, and their employees from any claim or loss for injuries (including bodily injuries), losses (including property theft) and damages arising in any manner.
